Sermon Summaries

Speaker: Dennis Baker

AM: Identity: A Clear Reflection

Our Identity in Christ is a phrase that defines who we are and what we do with our lives. It points to an image that we want to reflect. But often times we encounter distortions to that image that make us feel and think that we are not children of the King.

PM: The Trial of the Millennium: Jehovah v. Humanity

– Hosea 4:1

The Book of Hosea has a message for all time. The premise includes that all humanity is accountable the Law of God. When people break the law, the Law-Giver extends mercy. Unfortunately, when people don't respond to mercy, a court session is convened and a case is made. If you were on the jury, would you say innocent or guilty of the charges of law breaker?

CROSS TALK

The Matrix of Liberty

This past Sunday evening, we watched a video that reminds us of the Christian heritage of this nation. It highlighted the beliefs of the founders and the first several generations of Americans who acted as they lived out of their Christian convictions. Because of those convictions, they established a country with a solid foundation that could move toward justice and equality for all its citizens.

The video highlighted a series of statues that are formed into what is called, "National Monument to the Forefathers." "From the original concept in 1820 to the laying of the cornerstone in 1859 to its dedication in 1889, it was nearly three-quarters of a century in the making, and contains in simple imagery the great wisdom of the founding era. The components of this significant yet unknown monument teach us how we can preserve America as a shining city upon a hill, an example of liberty to the world."

Most are not aware of this monument because it states too plainly of the goals and intent of, not just the founders, but all Americans. This monument reflected how people thought and what directed their actions. In our time of pluralism and political correctness, to say that the citizens of this country sought to establish a system of government that honored the principles of Scripture, is too bold. It violates the separation of church and state and it is un-American.

I believe that more Americans would understand who they are if they knew about the monument and what it teaches us. (Americans are people created in the image of God and are accountable to their Creator). Principles of faith, morality, law, education and liberty are explained in the different elements of the monument. It is truly inspiring.

Today, as we strive to right the wrongs of the American experience, we can't forget the matrix of liberty. We recognize that the sins of a nation and the actions of individuals can only be amended by the wisdom and truth of God's Word. These convictions are captured in the monument.

You can find this video on You Tube. In the search bar type "The Matrix of Liberty." Click on the video with this description. "The Pilgrims Formula To Save America! Kirk Cameron". Let me know what you think.
