Welcome Guests!

We're glad that you are here! Please fill out a Welcome Visitor card and place in the collection plate. Go by our welcome/information center (one on each side of the room) for materials that will better acquaint you with Lakeview.

For your convenience, during our Sunday morning services we do have a volunteer staffed nursery, for children up to age 3. There is also a training room, located next to the sound room, for parents with young children to use during any service.

If you have questions, feel free to approach one of our ushers, ministers, or elders.

Today is Mission Sunday!

Sunday Bible Study 9:00 AM

Sunday Morning Worship 10:00 AM

Sunday Evening Worship 5:00 PM

Wednesday Bible Study 7:00 PM

Topical and Expository - You may have heard these words before when ministers talk about the type of lessons they give. Both types have value but both have a downside.

Topical lessons usually start with a biblical topic, like prayer. The teacher then compiles several passages or verses that deal with the topic and teaches them in a way that is practical and logical. A topical lesson may be titled, 4 Truths About Prayer and the truths are developed from four different verses. This is useful because the lesson teaches one big idea and breaks it down into four parts. The lesson stays on track and is easy to follow. The downside of topical lessons is a teacher may grab a verse that mentions prayer but is not really talking about prayer. The teacher is forcing an idea on the text that isn't there. In other words, the teacher is reading ideas into the text that aren't really there. This can be harmful to hearers because they accept the views of the teacher as authoritative, and may not fact-check the study. For this type of lesson to be successful, there must be quality scholarship on both sides of the podium.

Expository lessons are lessons that start with a passage of Scripture. The goal is to teach what is in the passage. The teacher and class discussion have the objective of drawing out the lesson that is there. The lesson that God intended to convey in the passage. Both the teacher and student must have an open mind to guard against resisting the teaching of the passage. Especially when it goes against a belief already held or seems to contradict another passage. The value of this type of teaching is that it's always an opportunity to learn something new. Also, as already mentioned, it seeks to draw out the message that God intended us to hear. The downside is that this study will also create confusion because of preconceived beliefs. This happened Wednesday night in the Auditorium Class. The story of Mary and Martha in Luke 10:38-42 is not a lesson about the two types of people. That is human logic but not the point of that story. The point was that Martha was distracted by the things she felt she needed to do. She needed to learn to do what Mary was doing. For this type of lesson to be successful, students and teachers need to open their hearts and minds to the Word of God and seek to draw out the message that is there.

At Lakeview there is a mix of both with an emphasis on Expository. A good topical lesson is also expository. Let me know if there are any topics or specific books of the Bible that are of special interest to you, or that you think would help us grow as a Church Family.

A Shifting Perspective - 2 Corinthians 5:14-16

"From now on we regard no one according to the flesh" Paul says, but too often we do exactly that. We live in a performance-based culture. We are a driven people, as such, we praise success but starve out defeat. We find it nearly impossible to see people the way that God does, but God loves the world. He loves the redeemed and the reprobate. He loves you if you're successful, or crushed in spirit. If we are successful in serving as ministers of reconciliation, we've got to see people like God does.

Chair Four: Go and Bear Fruit – John 15:1-17

The Fourth Chair is the place where church growth happens. Growth happens when individual Christians bear fruit. That fruit is the Christian lifestyle, showing itself in character and multiplying disciples.
